Thanks Steve. I very much appreciate all you and CS have done to help. I am with the police and it is likely it will take literally all day to give my evidence. Thus not doing much work - may need to book this as a personal day. Thanks for providing the mobile number.

Amy

Just to follow up on yesterday's discussions, I hope working away from the office has been okay.

We are completely flexible on where you are for the coming days and if there is anything we need to do on the support side (whether direct day-to-day help or access to any of CS's wider support network) just let Jen or I know.

I'm around or you can get me on the mobile ( ) pretty much any time. Best, Steve
