I have worked at Credit Suisse at 1 Cabot Square E14 for the past 6 years

I work on the 4th floor and my boss is Mike Shillaker

I used to work with Mike at UBS Investment Bank before he was head hunted over to Credit Suisse he brought me with him.

I have never had any sort sexual relationship with Mike, but 6 years ago before we came to Credit Suisse Mike and I kissed after having a few too many drinks.

It is never happened since

I get on very well with Mike he is a very demanding boss, he is loud, he shouts his demands at me, Mike sits behind me and he expects me to deal with his requests straight away and perfectly.

If my work is not up to his standard, he will send me strongly worded emails

My role as an Admin assistant is to look after the needs of 13 people.

Mike is the only Managing Director and he is the ~~highest~~ highest earner in the team.

Amy Walker sits in front of me and I have never noticed any good or bad feeling between them. They have little or no contact.

Amy is a very hard working, nice lady, I have never had an issue with her.

Amy has told me what happened when she went out drinking with Mike last week, and I have to say I am massively shocked that he would do that to her.

Since that time 6 years ago that Mike ~~met~~ and I kissed he has ~~met~~ it on with me, and I have told him to go away and he has, there is no way that he would force himself on a woman.

On Friday, I did see Amy and she did have on a very short dress and Mike and others including women made comments about her and how she looked.

Mike did ask me to go to a drink that Friday but I wanted to go home to my family.

Mike was out at meetings on Monday 16th April 2010. Amy had come in to the office in the morning but she left in the afternoon.

She appeared fine to me

On Wednesday 21st April 2010 Mike called me asking why he had been recalled back to the office, asking if I heard anything I hadn't. A little while later he called me on my mobile and asked me to go into a meeting room to talk.

He was very confused about why he had to come back, he asked if Amy was in the office and when I told him No he said "I think she's gone and done something very stupid", he said that he and Amy had got drunk and kissed, I asked him exactly what had happened and he said that she had told him that she found him very attractive because he was so powerful, they had kissed and he had touched her breast.

He said she was up for it, and she was very drunk and so was he.

He tried to put her into cab outside Grand Suisse but she fell out so the cab driver refused to take her, and that she was throwing up.

He then called her boyfriend and he came and collected her and thanked him.

Amy spoke to me yesterday about what she says happened and she is positive that Mike abused her, and that she didn't fancy Mike, that he refused her.

She remembers him kissing her and that he tasted of cigarettes, and that his hands were all over her.

I asked why she didn't push him off, and she said she was afraid.

She told me that he had asked her to go to a hotel, and that made her sober up.
