Form U5 Section: 4. Date Terminated

For a full termination this date represents the date the firm terminated the individual’s association with the firm in a capacity that required registration. This date is used by jurisdictions/SROs to determine whether an individual is required to requalify by exam or if the individual is eligible for a waiver upon reassociation with another firm.

A post-dated termination date of 12/31 of the current year is only allowed during the renewal period.

Form U5 Section: 5. Partial Termination

This section is only available when the Partial filing type is selected. There are two parts to this section:

- 5A. SRO Partial Termination
- 5B. Jurisdiction Partial Termination

Only active SRO/Jurisdiction registrations will be available for selection. Check the box for each registration you wish to terminate.
Form U5 Section: 6. Affiliated Firm Termination

For partial terminations, select the affiliated firm(s) from which the individual seeks to terminate registrations and indicate the registrations the individual seeks to terminate. For full terminations, select the affiliated firm(s) from which the individual seeks to terminate.

Partial Termination Example:

<table>
<thead>
<tr>
<th>Name</th>
<th>BD#</th>
</tr>
</thead>
<tbody>
<tr>
<td>AFFILIATE FIRM</td>
<td>0001</td>
</tr>
</tbody>
</table>

Is this a multiple termination with one or more firms affiliated with the filing firm? If “yes” to the above question and the termination requests for the filing firm are identical to the termination requests of each affiliated firm, then mark the same termination request for each affiliate. If the termination requests of the affiliated firm(s) differ from those of the filing firm, complete the SRO and/or jurisdiction sections for each affiliated firm.

Form US Section: 7. Disclosures

This section applies to full terminations only. If the individual has no new or updated disclosure information to be reported in response to Questions 7A, 7C, 7D or 7E, you may utilize the Disclosure Certification Checkbox option in lieu of completing Section 7. The Disclosure Certification Checkbox may not be used if answering “yes” to Questions 7B or 7F.

Questions 7E(4) or 7E(5) should be answered “yes” if the individual was not named as a respondent/defendant but (1) the Statement of Claim or Complaint specifically mentions the individual by name and alleges the individual was involved in one or more sales practice violations or (2) the Statement of Claim or Complaint does not mention the individual by name, but the firm has made a good faith determination that the sales practice violation(s) alleged involves one or more particular individuals.

7. DISCLOSURE QUESTIONS

[Table with questions and options]

Disclosure Certification Checkbox (optional)

By selecting the Disclosure Certification Checkbox, the firm certifies that (1) there is no additional information to be reported at this time; (2) details relating to Questions 7A, 7C, 7D and 7E have been previously reported on behalf of the individual via Form U4 and/or amendments to Form U4 (if applicable); and (3) updated information will be provided, if needed, as it becomes available to the firm. Note: Use of “Disclosure Certification Checkbox” is optional.

About Internal Review Disclosure

Generally, the Internal Review Disclosure question in Question 7B and the Internal Review Reporting Page (DRP U5) are used to report matters relating to compliance, not matters of a competitive nature. Responses should not include situations involving employment related disputes between the firm and the individual.

If a “yes” answer is provided to the Internal Review Disclosure question, the individual whose name appears in Section 1 (GENERAL INFORMATION) of this form may provide a brief summary of the event on Part II of the Internal Review Disclosure Reporting Page (DRP U5).
Submission Menu

Completeness Check - A firm can manually perform a Completeness Check, prior to submission, to check filings for completeness of required fields. If the filing does not pass the completeness check, the system will display a description of the error and a link to the error location.

Submit Filing - Submitting a filing is a two-step process: Web CRD automatically runs a completeness check when Submit Filing is selected. If the filing passes the completeness check, the system allows you to continue with the submission process, if the filing does not pass the completeness check, return to the screens where the errors have occurred and correct them.

1. Select Submit Filing.
2. Once the filing has passed the completeness check, select Submit Filing a second time.
Print Preview - Used to view or prepare the filing for printing. You can choose to print a specific page or the entire filing.

1. Select Print Preview from the Submission menu.

2. To print the entire form filing select All Sections from the navigation panel. Otherwise, select the Form U5 section you wish to print.

3. Click the Printer Friendly icon located on the right side of the screen.
Pending Filings

Filings that have been started but not submitted are considered pending filings. Once a filing is created, it remains in a pending, or draft state for 60 days from the creation date. Firms can access their pending U5 filings through the Site Map or the Forms tab.

Enter the individual’s CRD Number or SSN and click Search.

NOTE: To view filings that were created by you, select Filings initiated by current user only.

Click the Filing ID hyperlink to continue working on the filing. If you no longer wish to submit this filing, you have the option to Delete the filing.

NOTE: The table can be sorted by column headers that have hyperlinks.

The Expected Purge Date indicates the day the filing will be deleted from the Pending Filing queue.
Historical Filings

The Historical Filings feature allows users to view and/or print Form U5 filings submitted by your firm for a specific individual. Users will have the option to view the full filing or view changes in “redline mode” by selecting one of the “View Changes” options. Redlining will not display across form versions.
